

# LIVESTREAM HOST KIT

# DETAILS...

- Set aside the **FIRST FRIDAY @ 10 am CST** each month (double check the date in the App or on the website, as it may slightly change)
  - This is our coordinated time for all Lady Up Hosts across America!
  - We will start **ON TIME**, so please make sure your guests arrive ahead of time and are in their seats at 10 am sharp!
- **Invite** 3-5 friends, who **SHARE** your values, to your living room.
  - It's **important** you only invite women who are Christian Conservatives. Please don't invite people who do not share your value system to this particular session.
- Create a **fun and inviting atmosphere** with light snacks, coffee, or tea. Keep it simple, ladies!!!
- Project Diane's monthly **LIVESTREAM** to your **big-screen TV**
- After the **30-minute LIVESTREAM ends**, lead a guided discussion with your attendees.

A living room with a ceiling fan, a TV, and a fireplace. The room is bright and modern, with a grey sofa in the foreground and a white fireplace in the background. The ceiling fan has five blades and a light fixture. The TV is mounted on a white wall above the fireplace. The fireplace has a white mantel and a glass door. The room is decorated with a patterned curtain and a white rug.

# GUIDED DISCUSSION FORMAT

After the Livestream ends, guide their guests through these 3 steps:

1. Go around the room and ask each attendee to share what their biggest take-a-way was from the teaching Livestream
2. Practice the techniques by role-playing a scenario using the lingering questions catalog inside the APP
3. Share a success story each month after someone in your group applied the techniques

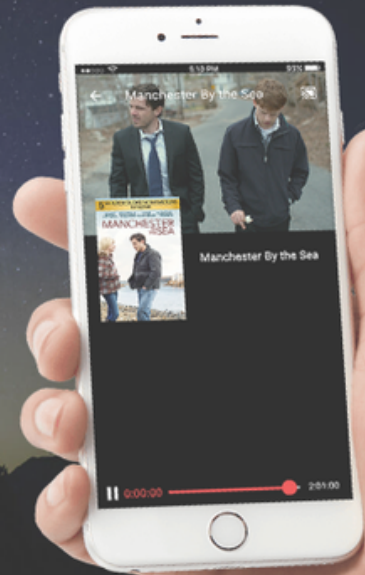

# OPTION A: CAST THE LIVESTREAM TO YOUR TV

IF YOU'RE TECH-SAVVY, THIS IS A GREAT OPTION  
SOME TV'S COME WITH CHROMECAST BUILT IN

## Ready to cast

Open a Cast-enabled app and tap the **Cast button**  
To browse your Cast-enabled apps, use the Google Cast app

# OPTION B: EASILY CONNECT YOUR TV TO YOUR LAPTOP WITH A STANDARD HDMI CABLE

(You can pick one up from any Walmart or on Amazon)

On your laptop, type in: [ladyupamerica.passion.io](https://ladyupamerica.passion.io)

This is the laptop version of the SAME APP you pull up on your phone.
